

# NEW From NWOET

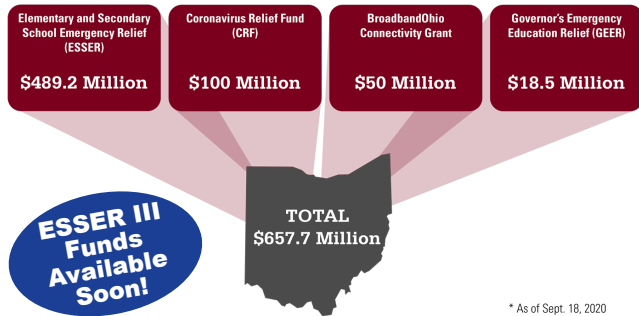

## Learning Recovery Tools

Help Students Recover From Learning Lost During COVID-19

NWOET will show you how to get the best value from your CARES Act Funding by using your existing popular tech tools like Kami for students to electronically complete teacher assignments and tests, Screencastify for students to make their own video recordings, and FlipGrid lets every student be heard in video discussions. Let us help create YOUR customized Tech Toolchest!

### CARES Act Funding for Ohio's Schools and Districts\*

### NWOET Support Levels

NWOET will assign an educational consultant with a master's degree or above to your district as your primary support person, plus you will have access to all NWOET staff and resources to help! This service agreement continues through 2023 or after all allocated hours have been used.

#### \$6,500 for 100 hours of service in-district or live online

- Free access to over 100 online videos with PD credit available
- Help with learning recovery, Internet training, tech planning, and more

#### \$19,500 for 50 days contracted services over next three years

- Calculated at 5.5 hours/day, partial days allowed, 2-hour minimum charge

#### \$49,900 for 150 days contracted services over the next three years

- Calculated at 5.5 hours/day, partial days allowed, 2-hour minimum charge

### Broadband

Work with parents, students, and teachers to use the Internet safely and effectively

- Internet Safety for Parents & Train-the-Teacher (1-3 hours)
- Basics, followed by an introduction to free online lessons by Common Sense Media (or content of your choice)

### Tech Planning

There is no better time to begin or review your district tech plan

- 1 hour admin overview
- 5 hour (in one or two days) Tech Team 'action steps' planning plus on-going support

### Classroom Technology Integration

Professional development to help teachers move to the next level of using technology in their classrooms. Learn new tools or expand the use and knowledge of the familiar tools.

### Customize To Meet Your District's Priorities

Your district can customize professional development to meet your specific needs.
